

**NOTICE OF REMOTE PUBLIC PARTICIPATION HEARING FOR SIERRA TELEPHONE COMPANY, INC.'S
GENERAL RATE CASE APPLICATION (A.21-11-005)**

Monday, April 11, 2022, 6:00 p.m.
Phone number: 1-800-857-1917 Passcode: 6032788
Webcast: www.adminmonitor.com/ca/cpuc/

The California Public Utilities Commission (CPUC) wants to hear from you! A Public Participation Hearing (PPH) has been scheduled to receive your comments about Sierra Telephone Company, Inc.'s (Sierra) request to adjust its rates and for other further relief, as discussed more fully below. The remote hearing location, date and time, and details on how to view and participate are listed above. Any customer may observe the remote PPH via the webcast information provided above. To participate and provide public comment, dial the toll-free telephone number and provide the passcode noted above. When it is time for public comment, the Administrative Law Judge (ALJ) will make an announcement through the telephone line for those who wish to speak. Participants who wish to speak must then press "star one (*1)" to alert the operator, who will queue the speakers one-at-a-time and announce each speaker's name at the allotted time.

If you need a language or sign interpreter, or would like to request assisted listening devices, please contact the CPUC's Public Advisor's Office (PAO) at least five business days prior to the hearing. An ALJ from the CPUC will be presiding at this PPH to listen to concerns, comments, and opinions on the application. One or more Commissioners or their advisors may attend, but no decisions will be reached at this hearing. In addition, representatives of Sierra and the Public Advocates Office will attend the PPH and be available to answer any questions. All public comments from this PPH will be included in the administrative record of this proceeding and become public record.

You may also submit written public comments at any time directly to the PAO at the address noted at the bottom of this notice. You may also submit written public comments by using the "Add Public Comment" button on the "Public Comment" tab of the Docket Card for A.21-11-005 at apps.cpuc.ca.gov/c/A2111005.

ABOUT THE APPLICATION

On November 1, 2021, Sierra filed an application with the CPUC requesting a review of its intrastate rates, revenue requirement, and rate design. Sierra has not proposed to change the prices for its basic residential or basic business rates. Sierra's application includes a request to review California High Cost Fund-A (CHCF-A) amounts that the company receives.

Sierra's current residential end user rate is \$25.00 per month, which Sierra's application explains is approximately \$35.77 when applicable federal and state fees and surcharges are included. This rate is consistent with the Commission's decision resolving Phase 2 of the CHCF-A proceeding, Decision 21-06-004, which found that small incumbent local exchange carriers' residential basic rates must be set within a range of \$30.00 to \$40.00, including federal and state fees and surcharges. Sierra proposes to modify its basic single-line residential and business rates to include the following custom calling features and voicemail for the same price as the current basic rates: Call Forwarding, Call Waiting, Three-Way Calling, Speed Dialing, Distinctive Ring, Toll Restriction, Call Blocking, Caller ID, Automatic Callback, Call Return, Anonymous Call Rejection, Selective Call Rejection, Calling Name and Number, Call Trace, Repeat Dialing, and Find Me Service. Sierra also proposes to eliminate Sierra's two-party line service effective January 1, 2023. In addition, Sierra proposes to implement a robocall mitigation service as part of basic rates, and at no additional charge to customers.

In setting rates in this proceeding, the Commission will consider input from other parties, including Cal Advocates, who may propose rates that are higher or lower than Sierra's proposed rates but also within the Commission's required residential all-inclusive rate range of \$30.00 to \$40.00 mentioned above. In resolving this proceeding, the Commission may adopt any party's proposal, or it could adopt a proposal of its own, which could involve rates that are higher or lower than the rates presented.

Sierra believes that its proposal is necessary to preserve its access to universal service support from state and federal sources and to ensure that it can continue to provide safe, reliable, modern telecommunications services to its customers, while covering its expenses and earning a reasonable rate of return on its investments.

Further information may be obtained by contacting Sierra's Business Office toll free at 1-877-658-4611. A copy of Sierra's application and its related exhibits are available at Sierra's Business Office located at 49150 Road 426, Oakhurst, California 93644. An electronic copy of the application and its related exhibits may be examined on the CPUC's website at www.cpuc.ca.gov.

PUBLIC ADVOCATES OFFICE PARTICIPATION

Parties to the proceeding will review Sierra Telephone's application, including the Public Advocates Office, which is an independent consumer advocate within the CPUC. For more information about the Public Advisor's Office, please call 1-415-703-1584, email PublicAdvocatesOffice@cpuc.ca.gov, or visit PublicAdvocates.cpuc.ca.gov.

CPUC PROCESS

The assigned ALJ will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) will be held where utilities, consumer advocacy groups, and other entities which have been given official status as "parties," will present their testimony and may be subject to cross-examination by other parties. The schedule for these EHs will be determined in the forthcoming scoping memo and ruling from the assigned ALJ for this proceeding. The parties expect these hearings to be held virtually due to the COVID-19 pandemic or in San Francisco and are open to the public, but only those who are parties may participate. The hearings and documents submitted in the proceeding become what the ALJ relies upon when writing a proposed decision to present to the Commissioners for their consideration.

After considering all proposals and all evidence presented during the formal hearing process, the assigned ALJ will issue a proposed decision determining whether to adopt Sierra's request, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision. The proposed decision, and any alternate decisions, will be discussed and voted upon at a Commission Voting Meeting.
