

Driver Training Program

In order to become a Ridvy driver, applicants must complete the application form, background screening and orientation. Following orientation, drivers will complete an in-person ride with a driver trainer.

APPLICATION FORM

Drivers must complete an application form and initial screening via phone or in person interview. During the phone or in person interview applicants will be given an overview of Ridvy and inform drivers that a background check must be conducted to continue with the application process. Drivers will be initially screened to pass basic qualifications such as:

- At least 25 years of age;
- Valid California Driver's License; and
- Valid Personal Car Insurance.

BACKGROUND CHECK

Ridvy conducts an independent background check of each candidate who passes the initial screening. Ridvy confirms driver's background check complies with CPUC standards to ensure driver and passenger safety.

No conviction within the past seven (7) years of the following, except as noted:

- Sex offender (10 years);
- Driving under the influence of drugs and alcohol;
- Fraud;
- Use of a motor vehicle to commit a felony;
- A crime involving property damage;
- Theft;
- Acts of violence; and
- Acts of terror (15 years).

RIDVY

ORIENTATION

Upon passing the background check, Ridvy applicants attend a one hour in-person or via video conference driver orientation. Drivers will learn about Ridvy, how to use the app, and safety and support on the road. Specifically, each driver participates in a training program to learn the fundamentals of Ridvy, how our app works and differences to other competitors, as well as safety and support while on the road. Our training program includes comprehensive sessions, videos, and FAQs.

- **Car Inspection** – During the orientation, each driver's car is independently given a 19-point inspection.
- **About Ridvy** – Drivers will be given an overview of the Ridvy and how Ridvy connects families and drivers.
- **Driver Safety** – Drivers will watch training videos on safety tips, how to contact support, and be reminded of Ridvy ZERO TOLERANCE policy for driving under the influence.
- **On-going Training** – In addition to onboarding training, drivers will have the opportunity to receive continued driver training via webinars, performance tracking, driver coaching, etc.

I certify the information listed above is true and correct.
